HELLO LOVELY PARENTS

We are very excited about some upcoming events happening before, and after, the Easter holidays.

The PTA Committee will need help with organising some of these so really welcome anyone who can come forward to lend a hand.

As always, thank you for your support.

EGG-CELLENT NEWS! THE EASTER RAFFLE IS BACK!

We are delighted to announce that we will be having our Easter Raffle fundraiser on **Thursday 7th April!**

All money raised will go towards our new Outdoor Classroom and development of our school grounds.

Boxes are now placed in each classroom. We are hoping for donations of suitable non-perishable items and baskets to make up hampers.

Items such as:

Easter eggs, Sweets, Biscuits, Bottles of wine, Beverages, Small unwanted gifts.

If you have hamper-making items like baskets, cellophane, ribbon, they would be very gratefully received.

Unfortunately, due to health and safety, we cannot take any homemade preserves or chutneys lovely as they are.

A last date for donations of goodies is Tuesday 5th April
We would also appreciate help on the evening of Tuesday 5th April, 8–9:30pm for putting together hampers.

Please let **Marta** know if you can help out: martaisopo@yahoo.co.uk
or 087 0611534

Thank you in anticipation for all your help!

VOLUNTEERS FOR SOME GARDENING

Great progress has been made with the garden in the school. Despite some very uncooperative weather over the last few weeks, 6 of the beds have been fully weeded. Thank you to all those who got involved.

If anyone would like to volunteer to help with the rest of the gardening, get in touch on pta@letns.org and we will organise a time that suits to get stuck into the rest of the beds.

We also need to paint the fence, bench and some of the playground markings, which have faded. Again, if any parents would like to help out, please reach out on pta@letns.org.

Thank you again for your support.

CHILD SAFETY OUTSIDE THE SCHOOL

A big thank you to all those helping to improve the safety outside the school in the mornings, and after school. The volunteers who give up their time each day are doing a great job and its much appreciated.

But more help is needed.

If you are open to giving up just 15-20 mins of your time, even just once a week or once a fortnight, this would make a huge difference. It will allow the creation of a schedule of volunteers to help out, and spread out the work between many, rather than expecting a lot of work between a few.

If you can help, then please contact
Claire Hayes on 086 170 5010.
