May 2022

Dear Parents/Guardians,

We hope that you are all looking forward to the bank holiday weekend and the prospect of some fine weather on the way. A reminder that the school will be closed on Monday (Bank holiday ) and Tuesday is a school holiday . We hope all our families enjoy this extended break over the weekend .

It is a special weekend for some of our children and their families in second class who are making their first communion in St. Mary's church this weekend . The children are super excited and we hope they all have a lovely day of celebration on Saturday

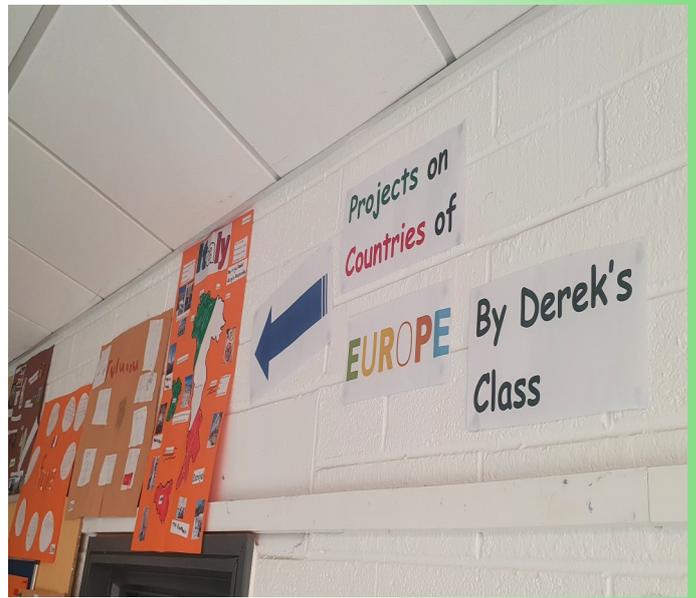

Congratulations to Ciaran / Emily and our Green team for a fantastic 'Let's move week ' Everyone has put in a huge effort in travelling sustainably to school and we had a huge increase in the number of children walking, cycling and scooting . Well done to everyone for their efforts . The children also produced amazing posters on travel with very catchy and inspiring quotes . Muireann's fifth class were awarded the 'Greenest ' class today on World Bike day with all children travelling sustainably and were rewarded with a movie and popcorn this afternoon. It really was a fantastic effort by everyone and inspiring to see how well children responded to the initiatives .

We will have some classes going on tour Wednesday and Friday next week . We would like to remind you that the area outside on the pedestrian gate (adjacent to Mount Bellew estate ) will be reserved for buses . This will be coned off from early in the morning . Your support with our volunteers in keeping the area clear is much appreciated.

It was fantastic to have the Bake sale back in the school today . What a wonderful display of buns , cakes and cookies ! We all enjoyed some sweet treats throughout the day. Thank you so much to everyone for your generosity and support. A special thanks to all the volunteers who provided wonderful support . It was a great having you back in the school . Well done to Ian/ Amanda and our Student Council for organising this event which ran so smoothly .All proceeds will go towards Red Cross to support the humanitarian crisis in the Ukraine , which was the decision of our students .

More good news this week for our Staff and Students . The school has been awarded a STEM award for excellent work in Science , Technology, Engineering and Maths . Earlier this month , the Staff collated a portfolio of work capturing the work which was completed by classes over the year . The feedback to Staff and students was very positive and we look forward to receiving the award at a special ceremony on June 17th . Congratulations to all our Staff and children on a great achievement and to Yvonne who co-ordinated the work on behalf of the Staff . We are all very grateful for another great week with so much to celebrate and share with you . Enjoy your weekend and thanks again for all the wonderful support we receive.

Derek's 2nd class completed these wonderful projects on The Countries of Europe

Jenny's 4th Class has created these beautiful Scarab Beetles, artwork on the theme of April Showers bring May Flowers and their Star Poetry.
